Pima County Jail Expansion

Tucson, Arizona

This project includes the new addition of 147,000 SF medium security jail to the existing jail facility, with connecting corridor and central control room. Major renovations to existing facility, including major upgrades to fire alarm and security systems replacement and consolidation.

This new medium-security building has eight pods, the structure also contains a new entry area, new visitor area, holding and booking areas, new kitchen facilities, and a new medical and mental health space.

Detention Equipment scope: security hollow metal door and frames (frames installed by others), pneumatic swing sliding devices, man bars and related sub frames, security furniture, security ceilings (no glass, glazing or mesh)

Electronics scope: 4 touchscreen stations
303 cameras
17 monitors (cctv)
200 personal alarm transmitters
350 intercom stations (call-in)
20 master intercom stations
246 paging speakers
115 card readers

Phase I: Includes the main jail addition, connecting corridor, central control room, and related site work.

Phase II: Major renovations to and the relocations of existing facilities and related site work.
