# Carroll County Jail Complex Expansion

Carrollton, Georgia

Norment Security Group, Inc. was awarded a \$2.2 Million contract for the detention equipment and security electronics systems work for the Carroll County Jail complex, a six (6) story housing pod and administration building with a total of 133,000 square feet and the capacity to house 512 inmates located in Carrollton, Georgia.

Norment's scope of work included furnishing and installing detention hollow metal, pneumatic and mechanical hardware, security glass, security mesh, security furniture and accessories. Norment Security Group installed Trentech's control system which consisted of graphic and touch-screen control stations, locking control, CCTV and intercom/paging systems integrated with PLC's.

Norment also renovated the existing jail after the expansion was opened. The renovation included replacing electro-mechanical locks with pneumatic locks, repair/replacement of food pass doors and hardware. The existing control system was replaced and tied into the now master control room.
